

- // **Even faster** thanks to optimised cutting geometry
- // **Double service life**
- // **Most suitable for hardest materials**
- // **3-surface shank** - prevents slippage in the chuck

Extremely sharp cutting edges

SHARP SHARK

Machine forstner bit with 3-surface shank

Oberfläche: blank
Surface: bright
Superficie: brillante

Range of application:

For drilling hard and soft woods, chip and fibre-boards. Extreme sharp edges provide optimum performance and prolonged life.

Precise

Spot precision

Sharp
